Eden grass

Low cost—
High quality
Make people
healthier
and happier

Edongrass

- One of biggest manufacturers in the global market.
- The first artificial grass manufacturer in China since 1982
- FIFA Licensee
- Exclusive supplier of The Bird's Nest
- The only artificial turf supplier to four international events: 2008 Olympic Games, 2010 Asian Games, 2011 Universiade, and 2022 Beijing Winter Olympic Games
- China patents NO.1

Healthy & Safe

Safe Raw Materials

AVGrass using imported Dow PE material of high carbon (6 carbon, 8 carbon), **super durable, weather resistance**, with excellent elasticity and low friction. Our leisure grass series has passed the UV resistance test of **5000 hours** by LABSPORT laboratory, and passed the European **ESTO Luxury Class 3**, highest rating for landscaping grass.

Safe Design

Grass fiber of LSR (low slip resistance) design, can minimize the possibility of damage and friction burns. Products strictly follow the European Union **EN13501-1**, and the national **GB/T20394-2013** of fire retardant.

Safe System

AVGrass fibers passed the most stringent test of 173 heavy metals by SGS, with BASF environmental friendly glue as major coating material, which highly satisfies with the environmental standards. Made of imported materials, non-toxic and degradable, our turf products can be completely recycled after the end of service life, no pollution to the ecological environment.

We care your Health & Safety

Benefits of Edongrass

No Fertilizing

No Mowing

Always Green

Save Water

No Mud

Save Money

No Pesticides

Fire Retardant

HIGH PERFORMANCE

UV-DEFENDER

VS

SINCE 1982

More than 40 years

Focusing on producing
the best artificial turf

Installation Guide

① Compact the sub base

② Unroll the turf

③ Cut the edges

④ Roll out the seam-tape

⑤ Distribute adhesive

⑥ Press the artificial grass down & fix it

⑦ Cut the artificial grass into the shape desired

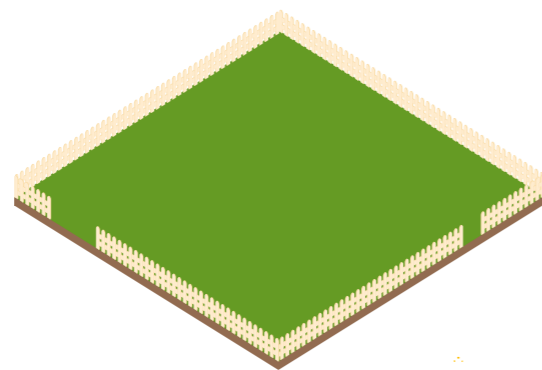

⑧ Nail the grass into place

⑨ Rake or sweep up all the artificial grass remains

⑩ Infill silica sand (optional) and then rake or sweep

GLOBAL LEADER OF HEALTHY ARTIFICIAL GRASS
